BUG DEFLECTORS

TRP bug deflectors have a proven reputation for their durable stainless steel. These bug parts are made of premium quality, non-corroding stainless steel. The deflectors are easy to install and add shine while protecting the truck. They are also guaranteed not to break. Drilling of mounting holes through the hood is required upon installation.

FEATURES & BENEFITS

- » Made of durable stainless steel
- » Protects the paint from road debris
- » Guaranteed not to break
- » Adds shine while protecting the truck
- » Easy installation

RELATED PARTS

- » Windshield Wash
