

## Parts for Trucks, Trailers & Buses

### BRAKE HARDWARE KITS

**PART NUMBER:**  
HK1308E

**PART NUMBER:**  
HK4515Q

**PART NUMBER:**  
HK4515QHD

**PART NUMBER:**  
HK4709ES2

#### BRAKE HARDWARE KITS

- Same brake hardware kits that are included in TRP Premium, Standard, and Line Haul brake shoe kits
- These four part numbers cover all popular applications

- Delivers both proven stopping performance and extended brake life to reduce maintenance costs
- All parts engineered to manage the brake forces generated for superior performance
- TRP bagged kits, with a clear back of bag

#### APPLICATION

TRP	FMSI	Application
HK1308E	1308TT and 1443	15" X 4" Eaton Front
HK4515Q	4515	16-1/2" x 6" Meritor Q
HK4515QHD	4707	16-1/2" x 6" Meritor Q+
HK4709ES2	4709 and 4725	16-1/2" x 5" Eaton ESII

#### CROSS REFERENCE

TRP	Gorilla Brake	Automann	Dayton Parts	SIRCO	UNIBOND

HK4709ES2	GBH4709E-12	100.4709.11	470902	ES-2	HK4709E-12

#### FEATURES & BENEFITS

- » **BRAKE ROLLERS** Thru-hardened and roller ends are machined smooth for longer life.
- » **RETURN SPRINGS** Shot peening removes surface flaws – important under stress, since any flaws or forming marks become the weakest part of the spring. High-grade wire retains high spring tension for durability.
- » **ANCHOR PINS** - Case-hardened for longer life. Provide a close fit between pin and shoe, yet allow the shoe to move freely.
- » **ANCHOR PIN BUSHINGS** Made of high-grade stainless steel, these anchor pin bushings will not corrode, preventing the anchor pins from freezing into the spider which facilitates easier anchor pin removal
- » **WIRE ROLLER RETAINER** Coated to guard against corrosion, which can cause the brake shoe rollers to bind and accelerate camshaft wear.
