NO REAM KING PIN KITS

NO REAM KING PIN KITS

TRP No Ream King Pin Kits are engineered for all popular axle applications. The TRP Kits are designed to have no reaming necessary which will save time in labor and overall costs. They will be available in multiple pin diameters and lengths to fit your application appropriately. The No Ream King Pin Kits will help your vehicles get back on the road quickly.

FEATURES & BENEFITS

- » No press-in of bushings needed during installation
- » Metal-to-Metal componentry for strength
- » TRP quality and durability

RELATED PARTS

- » King Pin Caps (sold separately from kit)
- » Installation Tools
