

TRP POLYURETHANE REPLACEMENT PARTS

TRP POLYURETHANE REPLACEMENT PARTS

TRP's new Polyurethane product line offers suspension bushings, under hood components, and more. This is a high quality, competitively priced market alternative for customers who prefer polyurethane over rubber. These poly products are engineered to meet or exceed OE standards and are chemically resistant to deterioration, while still absorbing shock and dampening vibration.

FEATURES & BENEFITS

- » Designed for each application to increase the lifespan
- » More durable when compared to rubber based products
- » Less affected by UV or chemical agents on the road
- » Reduces maintenance costs and increases truck uptime
- » 1-Year Labor Warranty – 2 Year Parts Warranty
